MASK TUTORIAL

*by Janice Ryan*

for personal use only

## Materials Needed

### ***MASK 1***

Kona Black: 7"x10"

Super Kids Adventure in Blue

Pellon #TP971F: 7"x 10"

Black felt: 3"x 6"

Heat n Bond Lite: 2.5"x6"

### ***MASK 2***

Kona Red: 6" x 10"

Remix "Primary": 6" x 10"

Pellon #TP971F: 6"x 10"

Black felt: 2.5"x 6.5"

Black Organza: 2"x 6"

Heat n Bond Lite: 2.5"x 6.5"

Black top-stitching thread

### ***MASK 3***

Kona Jungle: 6"x10"

Super Kids Adventure in Gray: 6"x 10"

Pellon #TP971F: 6"x10"

Green felt: 2.5"x 6"

Brown Felt: 2.5" x 3"

Heat n Bond Lite: 2.5"x6" & 2.5"x 3"

### ***MASK 4***

Kona Red: 6"x10"  
 Kona Citrus: 6"x 8.5" (2 pieces)  
 Remix "Summer": 6" x 10"  
 Pellon #TP971F: 6"x10"  
 Black Felt: 3" x 6.5"  
 Black Organza: 2"x 6"  
 Heat n Bond Lite: 3" x 6.5"

### ***MASK 5***

Kona Peacock: 6"x10"  
 Super Kids Adventure in Blue: 6"x10"  
 Pellon #TP971F: 6"x10"  
 Red felt: 3.5 x 9.5"  
 Yellow felt: 2" x 2"  
 Heat n Bond Lite: 3.5x9" & 2" x2"

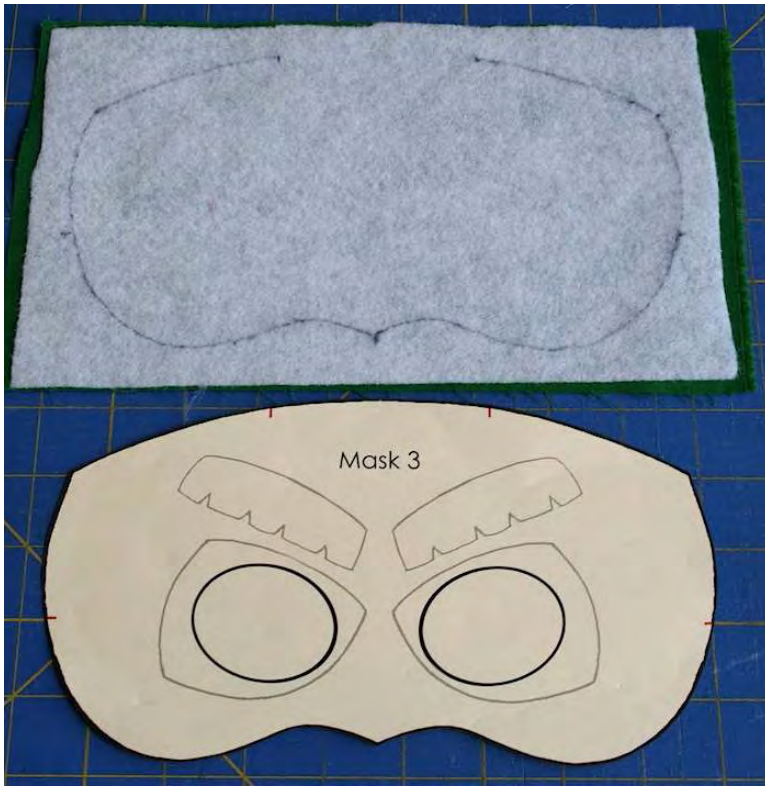

\*Each mask uses a 12" length of 1/4" black elastic.

***STEP 1:*** Print out templates at 100%.

***STEP 2:*** Cut fabrics to dimensions listed above.

***STEP 3:*** Fuse Pellon to main fabric following the manufacturer's instructions.

## **STEP 4:** Mark your fabric

### **For Masks 1, 3, 5**

Cut out your mask template and trace the outline onto the fused pellow with a fabric-marking pen.

Mark the red tick marks but do not draw in the eyeholes.

You are ready to move on to **Step 5**.

### **For Mask 2:**

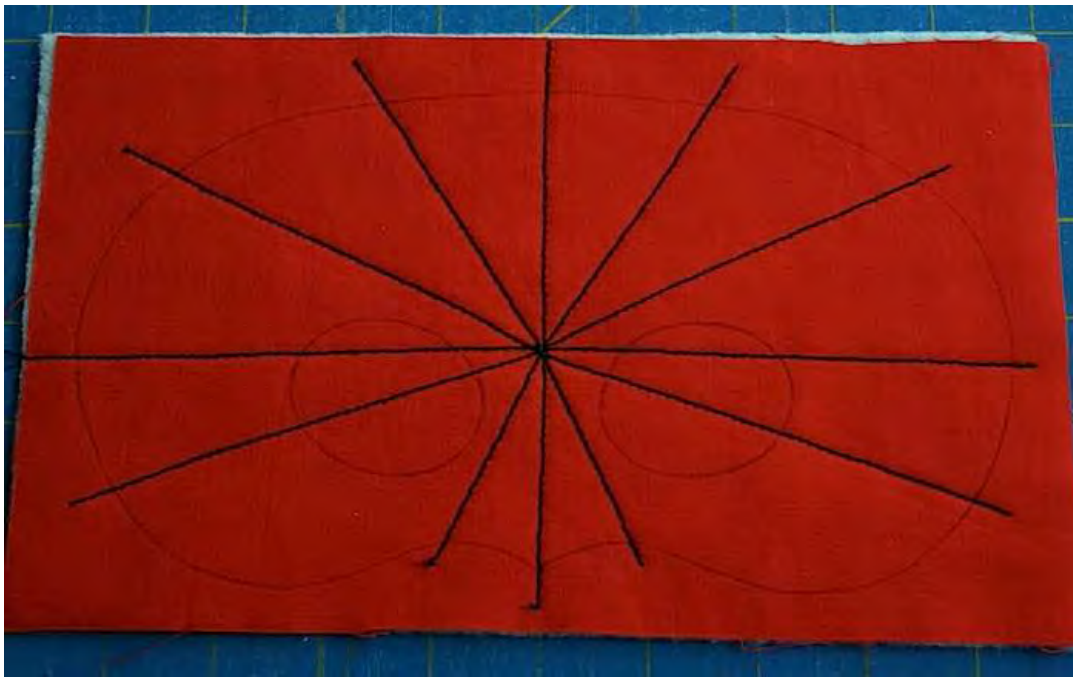

Cut out your mask template and using a water or air soluble fabric pen, draw the outline of the mask AND the eyeholes. Make tick marks where gray lines meet the edge of the mask and also mark the center dot.

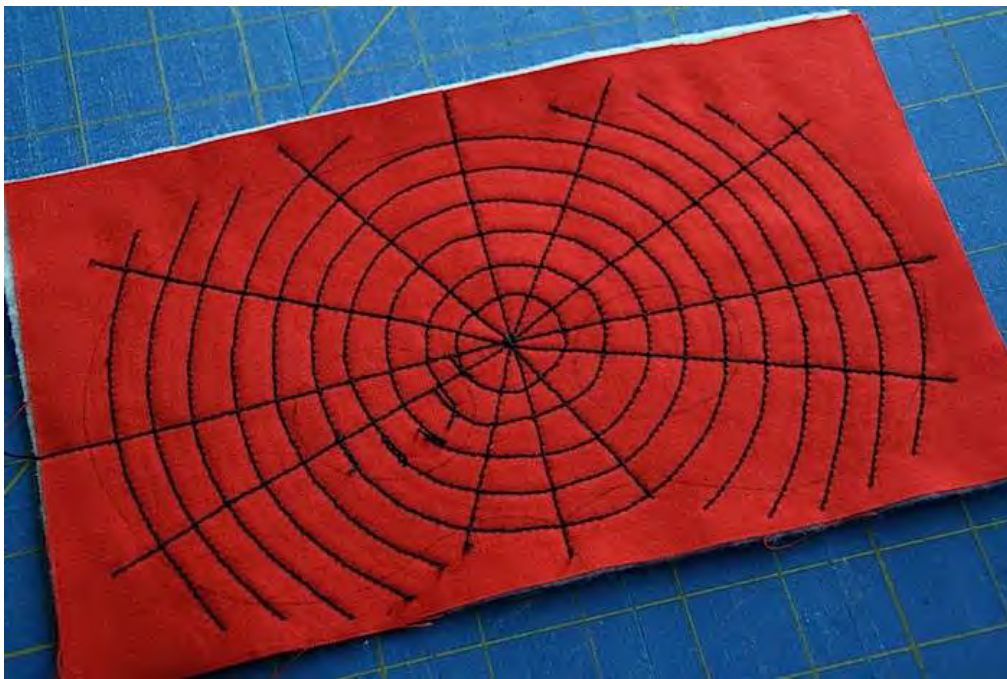

With a ruler and fabric pen, lightly draw the gray lines onto your red fabric.

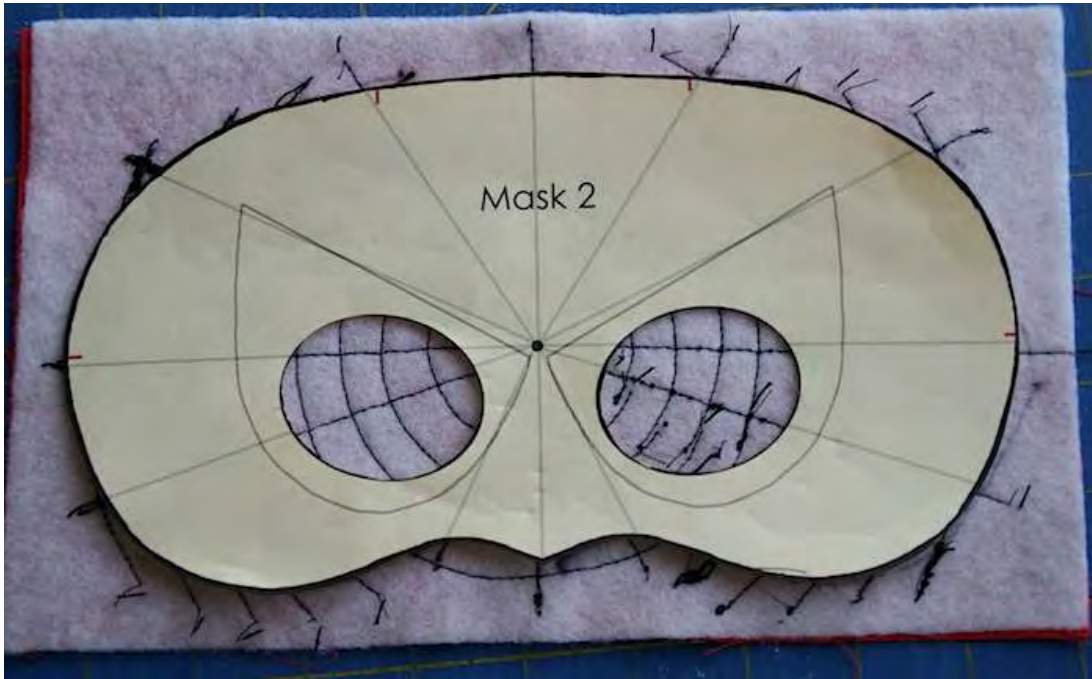

Using black topstitching thread, sew over the lines, beginning outside the edge of the mask, pivoting at the center dot and continuing out past the opposite side of the mask.

Sew concentric circles around lines, using your sewing machine foot as a guide. Be sure to begin your stitch either in an eyehole, or off the edge of the mask.

When finished, your stitching should look like this. Notice how all stitching begins and ends either in an eyehole, or off the edge of the mask.

Flip fabric over to Pellon side and match your stitches with the lines on your mask template. Trace the mask (do not trace the eyeholes).

You are now ready to move on to **Step 5**.

#### **For Mask 4:**

Cut out Mask 4 center pattern piece and trace onto the yellow fabric.

Pin two pieces of yellow fabric, right sides together. Sew, leaving bottom open.

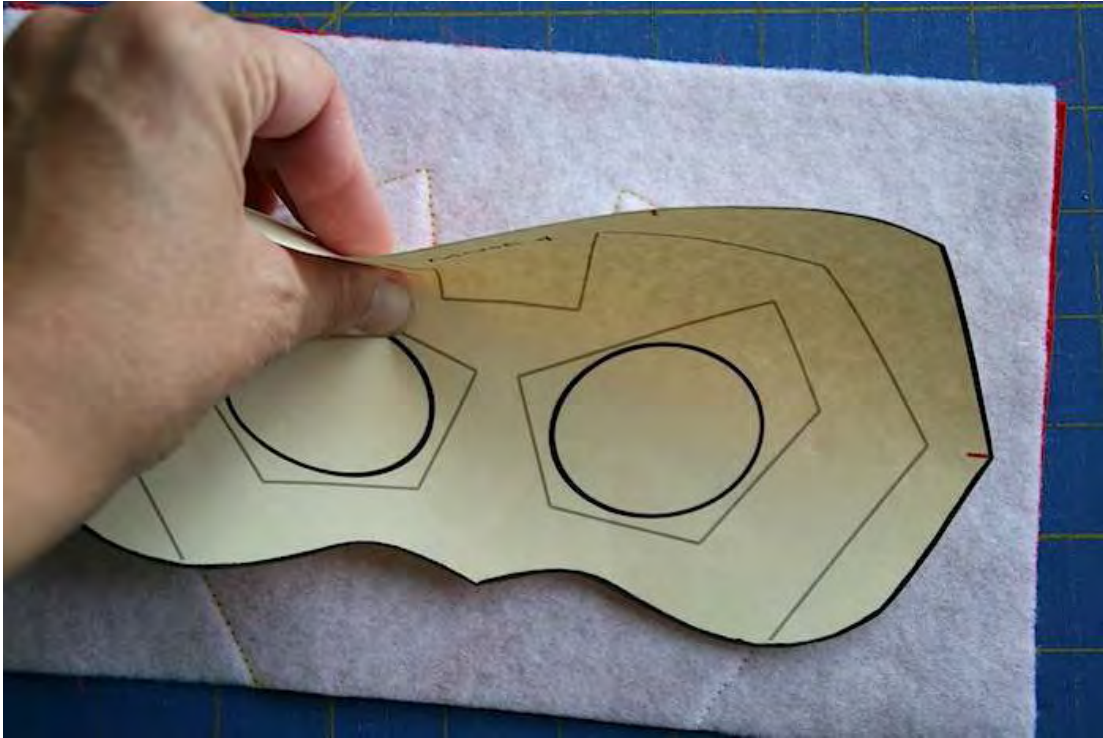

Trim seams, clip corners and turn right side out.

Press flat.

Pin yellow center piece to red fabric and edge stitch.  
*Double check placement by referencing your Mask 4 template.*

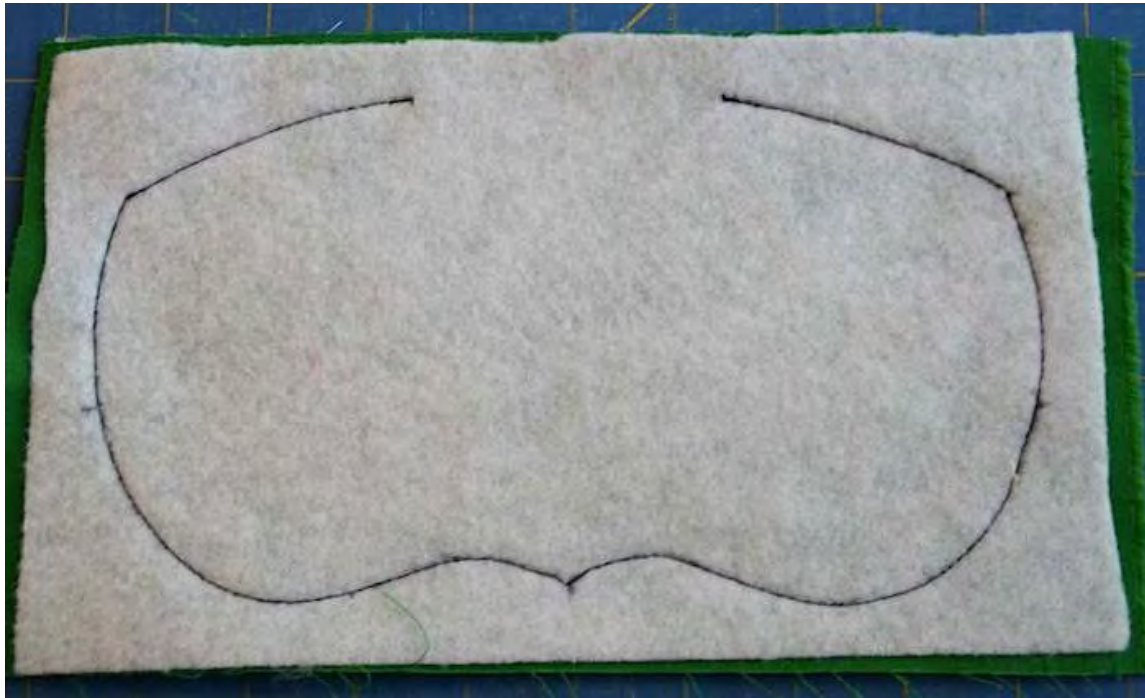

Flip fabric over to pella side and match your mask template with your stitching lines (it won't be an exact match, just center it). Trace the mask (do not trace the eyeholes).

### **STEP 5:** Sew Mask

Pin backing and pella/outer fabric with right sides together.

Sew along your marked line, leaving top of mask open between tick marks. Use a short stitch (I used a 2) so you can get an accurate outline.

Trim seam allowances (I trim them to a little less than  $\frac{1}{4}$ "). Clip curves and corners.

Turn mask right side out and press. Slipstitch opening closed (I like to do this last).

### **STEP 6:** Sew Eyes

Trace eyes onto your mask (you can trace them onto the front or the back, whichever fabric will show the fabric marker better).

Next, sew along the eye outline you just drew. Don't worry about it being perfect. Your stitching will not show in the end.

Cut out eyehole just inside your stitching line.

### **For Masks 2 & 4:**

You have the option to add black organza over the eyeholes

Take the piece of black organza and lay it on the front of the mask, over the eyes holes. Pin in place.

Sew around the eyeholes over the previous stitching line.

Trim down outer edges of organza.

### **STEP 7:** Add Felt Pieces

Trace corresponding appliqué pieces to Heat N Bond.

Iron Heat N Bond to felt following manufacturer's instructions.

Carefully cut out felt pieces, remove backing and iron on to masks using photos as a guide.

*You can choose to stitch around the felt at this time, but there is no need to do this, unless you plan to wash the masks.*

### **STEP 8:** Add Elastic

Sew elastic to masks using the mask template as a guide. Elastic will be sewn on at red tick marks on sides. You may machine sew using matching thread, or hand sew to the back of the mask.

You will want to sew one side and then fit your mask on the wearer before sewing the second side.

### **STEP 9:** Have a Super Kids Party!

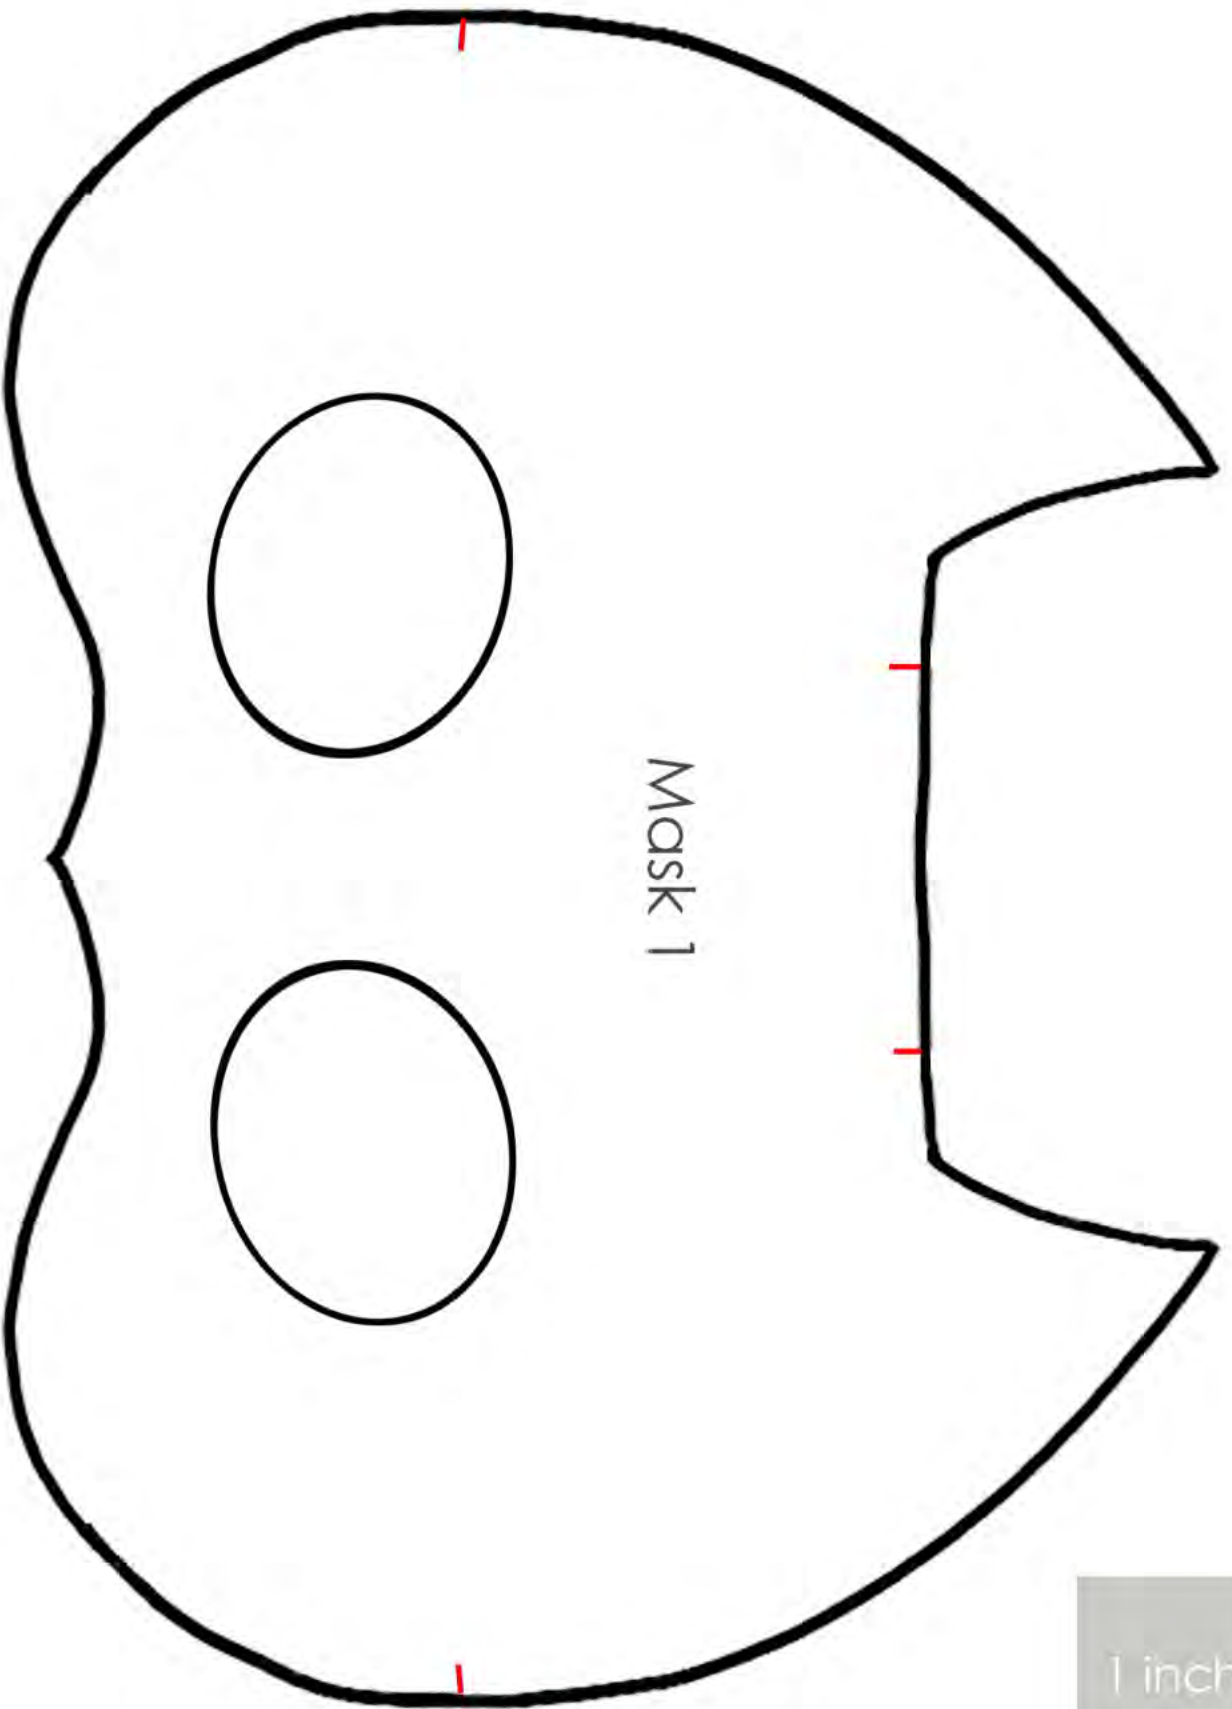

For personal use only.
