9 Heart Pillow Pattern

Pattern by: Anna Joy Pham

9 Hearts Pillow Pattern

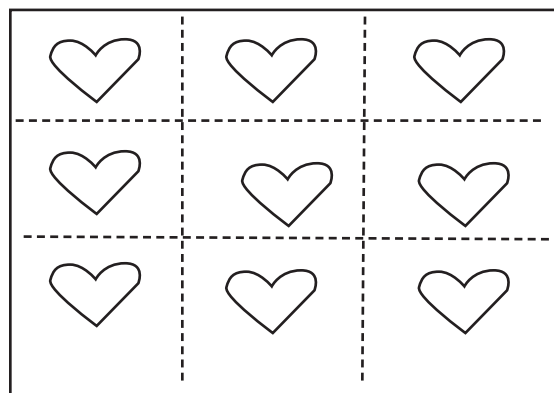

Before your start, please read all of the instructions before your begin. Some previous basic sewing and quilting knowledge will be required to construct this pillow including freehand quilting and making & attaching a binding. Seam allowance is 1/4".

Materials

- 18.5" X 18.5" Kona Baby Pink for pillow top
- 18" X 14" Kona Baby Pink for envelope closure
- 18" X 12" Kona Pink for envelope closure
- 18.5" X 18.5" White Muslin for backing
- 18.5" X 18.5" Batting
- 4" X 4" Nine pieces from Ann Kelle's Remix Spring and Garden line.
- A sheet of Wonder Under
- Mark-B-Gone embroidery pen

Directions

1. Cut your materials.
2. Print out your "heart" image.
3. Place your sheet of Wonder Under on top of your image. Trace the image with a pencil on the paper side of your Wonder Under. Trace out 9 images of the heart.
4. Cut apart each heart. **NOTE: Do NOT cut the actual image of the heart out.** Leave extra room around the heart. We will cut out the heart image after they are ironed onto the fabric.

Cut around each heart.

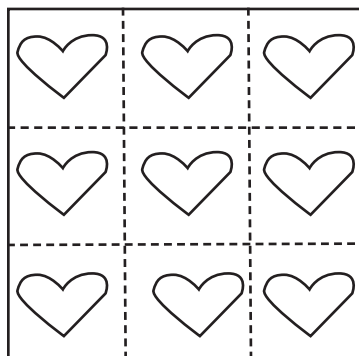

5. Press with an iron the Wonder Under image down on the fabric designated for each letter. Make sure the fabric is facing **wrong side up** when your press the Wonder Under sticky side down on it.

6. Let your pieces of fabrics cool and then cut out the heart images.

7. Take your 18.5”X18.5” Kona Baby Pink fabric and draw a nine square grid using your Mark-B-Gone pen. Each square is 6” apart. I like to use my cutting mat as a guide to keep my fabric straight and my line straight. This line will be your guide to where you place your hearts.

8. Take your fabric hearts and space them out evenly on each square. After you are satisfied with their placement, take your iron and press them down to the fabric.

9. Baste your backing, batting, and top together. Now you're ready to applique.

10. Stitch about a couple of mm's away from the edge of each heart using a straight stitch. You can also use a blanket stitch or a zig zag stitch.

11. Square up your pillow top down to 18”X18”.

12. Take your 18”X14” Kona Baby Pink. On the 18” side, fold down the edge about 1/2” and press with your iron. Fold your pressed edge again and press. Do the same to your 18”X12” Kona Baby Pink.

13. To secure your pressed edges, stitch as close to the opening as you can. Now your folded edges are sewned down.

You should sew as close to the opening as you can on the folded edge.

14. Take your pillow top and place it right side up. Take your 18"x14" Kona Baby Pink and put it on top of the pillow top, right sides together. The sewned edge can either face to the left or the right. Take your 18"X12" and place it on top of the otherside
15. Pin the fabrics down to the pillow top.
16. Sew around the pillow.
17. Next, you will want to finish your seams. Either overlock or zig zag stitch around the pillow.
18. Turn your pillow right side out and then put an 18"x18" pillow form inside.
19. Dab the blue embroidery pen ink with water until it disappears.
20. Do a dance because you just your finished your lovely 9 Hearts Pillow!
